SOLUSI247 is an integrated Information Communication Technology (ICT) company, which established on July, 2000. The name of 247 represents a 24 hour 7 day. It signifies the Company commitment to deliver a total solution to the customer with up-to-date technology and fast information delivery.

At the beginning SOLUSI247 simply provided ORACLE RDBMS consultancy and built ORACLE tools and technology base for all kinds of industry and market. As a matter of fact, the technology continued to grow and turn narrower to telecommunication industry and **Radar** systems.

After several years of service, most of major Telecommunication Enterprises in Indonesia become SOLUSI247 costumers such as **TELKOM, TELKOMSEL, EXCELCOM, INDOSAT, BAKRIE TELECOM, AXIS (NTS)**.

Today SOLUSI247 is recognized as a highly qualified total solution provider that helps Company improve their business with innovative technologies and IT management practices that drive efficiency and top line growth.

In order to utilize advance technology behind the solutions, SOLUSI247 was setup partnership with **ORACLE, SUN MICROSYSTEMS, IBM, IRI-Cosort** and other world class IT Vendors.
Today many of SOLUSI247 solutions was build base on best and latest technology, for instance in Data warehouse (DB2, Oracle 10g, Greenplum), Business Intelligence (Oracle BI, Cognos, Business Object), ETL implementation (Datastage, Kettle), Telco BSS and OSS using Oracle PL/SQL, Java, C, Cosort.

With commitment to community development and corporate technology, the company gearing up another year of continued progress, excellent performance and accelerating momentum of entering Initial Public Offering (IPO).

In line of our rapid growth, we are looking for most hardworking candidates to join us for the following positions:
